Pat/Adam,

Reaching out to discuss the Williamson County Long Range Transportation Plan. We're currently coordinating with the City of Taylor on the annexation of Parcel R006650 into the city limits and noticed the County's planned roadway alignment appears to run through a portion of the site.

We wanted to reach out and better understand the intent of the proposed alignment and discuss whether there may be any flexibility in the roadway location as planning efforts continue.

Would either of you have availability for a quick call sometime this week to discuss?

For reference, I've attached a snip of Parcel R006650 with the proposed County roadway shown in orange.

Best,

Johnnie Garza
